Type of Program: A School for Mind and Body (SFMB) recognizes that children are the future of the world. Therefore, it has become our goal to provide the highest quality of preschool education that's possible. With the combination of our character education concepts integrated in our teaching units of thinking, learning, nutrition and exercise, SFMB facilitates personal growth for the total child. At SFMB we do not say, "come and attend" - but rather, "come, experience and learn." SFMB believes parents everywhere are looking for an educational environment that will encourage the same life skills and values that are taught in the home. That is the primary purpose of SFMB - to make the educational experience an extension of a quality home.
